June 2007

Dear Partners,

Again, we send you our fondest greetings from Tijuana in the name of the Lord. We hope you are doing well in this beautiful transition time from spring to summer.

Recently, Gary attended the BEAMM partnership meeting in Fort Worth, TX. That meeting was for churches which actively participate in the border ministry. Their participation ranges from prayer to financial to advice to sending teams. In a way, you are already partnering with BEAMM through your prayers and donations to us, but we would like you to invite your church to become official organizational partners. You can contact us directly or go to www.beamm.org to see what it entails. The next BEAMM partnership meeting will be at the MTW Global Conference in November in Atlanta, GA.

The ministries continue to do well. Both mission works are slowly growing in numbers and faster in knowledge and commitment. We are trying to raise funding to hire Julio Navarro to pastor Dios Soberano, and Ray Call is almost half way in his fund raising to pastor Las Playas. The extension seminary students continue to study although we are having difficulty putting together a good steering committee for the further development of this seminary. Morgan Roe is doing well laying the foundations for the mercy ministries in Tijuana.

Personally, we are doing well, too. Gary's cataract surgery and recuperation went well. Carol will be helping her parents and brother in Alabama while he recovers from back surgery. Aimee is in the process of moving to Elon, NC, and Bradley is still hoping to resume his education in Prescott, AZ.

Please Pray:

For Mission Dios Soberano and that Julio can become their full time pastor,
For Mision Las Playas and that Ray can raise his funds quickly,
For the Tijuana extension seminary students and development,
For our health and
For your partnership in BEAMM.

Your partner in missions,

Gary Nantt
